The Official Journal of  
The Charlotte Woodworker's Association

## Small Talk

Welcome to the May edition of the Charlotte Sawdust. As the new Secretary for the Charlotte Woodworker's Association this is my first attempt to put this newsletter together. If you have *any* suggestions for improvements, whether large or small, I would love to hear them. Just look for the tallest person in the room at the next meeting and tell me your idea. Or you can click on my e-mail address below and drop me a quick note.

Fred Miller has been working diligently to update the member list for the club and I have taken over that project from him. At the end of this newsletter is a draft of the latest membership roster. Please check your contact information and e-mail me if you have any corrections. Anyone listed as an "Inactive Member" has not paid their 2007 dues. (Please keep in mind that **inactive members are not eligible for a discount at Klingspor's Woodworking Shop.**) I plan to publish the complete membership list in the June newsletter.

Best regards,

*~Peter Stoffel*

CWA Secretary

## **May Program: "Constructing A Chest, the 18th Century Way"**

For the programs for May and June, Fred Miller and John Goodson will be demonstrating the construction of a small Chippendale chest, using 18th Century joinery and techniques. The first program will cover wood selection, construction of the case and drawer dividers/guides. The second program will cover construction of the base, with ogee bracket feet, and the drawers. At the discretion of the members, we may even go into a third program about finishing. This will be a real piece of furniture, with fine hardwoods and authentic hardware. When completed, we plan to display the piece at Klingspor and Woodcraft, and then donate the piece in the Club's name to One Special Christmas. We anticipate all the lumber and hardware to be donated.

*This is a teaser photo of a chest built by Fred Miller and similar to the one he will be showing us how to build this month.*
