Volume 15, Issue 5

May 2008

## Phil's Corner

Thanks for those who contributed items for this month's newsletter. It will make it a better read for everyone!

This month Ed with Clearvue Cyclones will discuss dust collection and the problems associated with ambient dust. It should be education and informative.

Spring is officially here and summer is bearing down on us. For those with true climate controlled shops like mine, need to carve out some serious time before the heat of summer arrives!

If you have any items for the newsletter please let me know, I'll be glad to include them.

Best regards,

~Phil Ashley

CWA Secretary

## Spring Shop Tour Report

We had about a dozen people for our first shop tour and I think everybody that went really enjoyed seeing other people's shop, I know I did and I only got to see one shop, but I'll see the shops I missed another time. Personally I am really looking forward to seeing the next set of shops, and I'm sorry but I don't know when that is going to be, but I hope very soon.

My problem is that I have been out of town for work and I'll continue to be out of town for the next couple of weeks. When I'm on the road, I don't have much time to do anything except work stuff (yea, I hear you all crying for me). I'll try to get the next tour set up soon.

I want to thank Dick Thomas, Bill Golden and Rob Miller for opening up their shops and letting us have a visit with them.

I think we all learn something from going to see how other people have their shop set up. Sometimes it's something we want to make sure we don't do as well as something we should do.

I want to thank Bob Fields for bringing some of his wood planes to the last stop. Bob gave us a little lesson on how to identify older planes, how they are priced, what are some things to look out for and then of course we got into how to clean them up and even how to use them. It was some great conversation.

Somebody tell Bob thanks for me because he doesn't have e-mail so he won't see this e-mail. prizes at this next meeting? Bring a few bucks for the raffle there is supposed to be a lot more prizes.
